## Customer Reviews

I can't believe I just spent close to \$15.00 to buy a book pretty much full of MicroSoft word document, lists of business. So stupid of me, spending time on buying this book, and even spending time writing this review. I am buying a book for traveling to Atlanta for fun, this book absolutely has nothing but pages of pages small font text printed on white paper, with business names, address and phone numbers. Don't trust other 5 star review. I'd give it a zero if I could.

I've been to Atlanta a couple of times and wondered if I could be missing something on visits. This was very helpful of showing a couple more pizza places, tea shops and places to shop.
