# Crossing The Tiber: Evangelical Protestants Discover The Historical Church

## Synopsis

An exhilarating conversion story of a devout Baptist who relates how he overcame his hostility to the Catholic Church by a combination of serious Bible study and vast research of the writings of the early Church Fathers. In addition to a moving account of their conversion that caused Ray and his wife to "cross the Tiber" to Rome, he offers an in-depth treatment of Baptism and the Eucharist in Scripture and the ancient Church. Thoroughly documented with hundreds of footnotes, this contains perhaps the most complete compilation of biblical and patristic quotations and commentary available on Baptism and the Eucharist, as well as a detailed analysis of Sola Scriptura and Tradition.

## Customer Reviews

This is an excellent book for understanding how the Catholic Church has been misunderstood by the Protestants. It should be required reading for all who have wondered why the Catholic Church has stood for 2000 years and, with the guidance of the Holy Spirit, will continue to exist until the end of time.

Listened to author at our Church and ordered the book to learn more. It is very well written and easy to read.

great bookThanks

An amazing insightful journey. Scriptural justification and documentation for actions and beliefs.

I gave this to a good friend

Most interesting book I have read on my Catholic faith and written by a converted Baptist/Evangelist! His factual support for all his assertions has greatly enlightened me and made me so much better educated to defend my faith! Kudos to Steven Ray for teaching me what the Baltimore Catechism did not!

Steve Ray provides a compelling narrative about his conversion from Protestantism to the Roman Catholic Church. Then he provides a sampling of the writings of early Church fathers (men after the Apostles) and references from the Bible and Catholic Church teachings on the two important topics of Baptism and the Holy Eucharist. As a Protestant, who has come to the conclusion that Protestantism is a distortion of the Church started by Jesus Christ, this book was a confirmation of my need to convert to Catholicism.

Surprising what you'll discover right before your very eyes that you never recognized before.
